Nauman Maqsood

Frontend Developer

PROFESSIONAL EXPERIENCE

Frontend Developer

Venturetech Computer Education | Jun 2019 – Sep 2019

- After completing my course in web development from **Venturetech Computer Education**, I did internship there as a frontend developer
- During my internship I design responsive websites with bootstrap and jQuery.
- Learn: how to write clean and customizable code.

Next Js Developer / Trainer

Micrologicx Software House | 2020 – 2023

- During my bachelors' degree I achieved a role in Micrologicx software house as a Next Js developer and also as a trainer for web development and graphic design.
- While working on NextJs I learnt working with components, Asynchronous coding, Next Js fundamentals, Api Rendering. Here is the link for the website I have developed in Next Js.
  https://pakjas.com.pk

React Native App

University of Agriculture Faisalabad | 2023

- I did my final year project in React native app named as "**Complaint management system**" using NodeJs as API provider and backend services.
